アルス Zevo

At some point, children born into the world started to have a strange chility called "iris", a truly div

paner that allowed them to view the post one what is defined and everything in between large anywher the second of them to view the post one what is declined one everything in between lafere anywhe have it, this power created a clicar basis for discrimination, divising children between those who have it and that what don't.

Som on "iris Zero" with no oblity, Mizushimo Taru has suffered this reputation since childhood and irise

a life of minimal expasure—setting by every day without standing out. But because he became acquainted with Saxamori Kayuki by chance, he started getting caught up in the various incidents happening around ha

Dealing with things like Yuki Asahi's suspension from school and the uproor over a monster during the school trip. Too has been unrovelleg the mysteries of events confronting him. How? When Asahi familit streams. Tor! only class from 5 bleauses little scholard but because Tory dean't have an int.

sterings. Toru's early clear friend Shleazakie Hijliri explained that because Taru doesn't have an iris, he canalides things from other people's perspectives more than most. Ome day, a girl named Hookinings Bei who could see numbers appeared before Taru and begged for help
